

DHC63-LN  
TAHITI NUI

The local airline “Tahiti Nui” use DHC63 Twin Otter to assure the shuttle between the various islands of the Archipelago of the Marquesas Islands.

You can too fly your own DHC63 Tahiti Nui between the Marquesas Islands. Thanks to the excellent DHC6 that our friends from **aeropedro.despair.ch** in Switzerland have made for you. XPFR has realized from his side the livery “Tahiti Nui” for this aircraft.

**You can thus from the links below download both**

**DOWNLOAD THE DHC63 FROM AEROPEDRO.DESPAIR.CH**

**DOWNLOAD THE TAHITI NUI LIVERY**

### INTALLATION

- 1** Once the download is complete and the 2 archives unzipped
- 2** Drop the folder “Tahiti Nui” inside the “liveries” folder of the “DHC63 LN 2Dv2.9-3Dv2.4 v1051” folder.
- 3** Drop then the folder “DHC63 LN 2Dv2.9-3Dv2.4 v1051” in the X-Plane “Aircraft” folder.

That's all, good flight !
